

Quality Policy

At Sartorius Stedim Biotech we serve our customers with high quality products and services. To achieve this goal we expect every employee to act in accordance with the following principles:

- We align our products and services to the demands of our customers in a variety of markets and applications.
- We follow the corresponding regulatory requirements per application.
- We define the quality of our products and services taking into account business considerations
- We employ appropriately trained and quality-conscious personnel.
- We strive for zero failure performance by implementing continuous improvement programs.
- We act in an environmentally sound manner and behave responsibly towards society.
- We set quality standards by integrating our suppliers into the overall supply chain.

The management of Sartorius Stedim Biotech deploys this policy at all organizational levels and provides the necessary resources.
